## UPDATE:

Executive Order VR-501

Revision B

VST EVR Balance Hanging Hardware

Approved for Protected AST Sites  
with Remote Dispensing

07.07.16

---

The California Air Resources Board (CARB) release of **Executive Order VR-501 – Revision B** announces the approved certification of VST's EVR Balance Hanging Hardware for use on a protected Aboveground Storage Tanks (AST) location with remote dispensing. Executive Order VR-501 does not require In-Station Diagnostics (ISD).

The following VST product Models have experienced tremendous success throughout the marketplace for their use at Gasoline Dispensing Facilities (GDFs) with Underground Storage Tanks (UST). Now, these same VST product Models may be used at these specified AST locations as outlined in the Executive Order:

### **PRODUCT**

Nozzles:

Whip Hoses:

Curb Hoses:

Safety Breakaway:

### **MODELS**

VST-EVR-NB (G2) Series – New or Rebuilt

VSTA-EVR Series

VDV-EVR Series

VSTA-EVR-SBK Series

Full details of the AST Executive Order VR-501 Revision B may be found at:
