Revision O  
Field Reattachable  
EVR Balance Safety Breakaway  
VSTA-EVR-SBKA

10.11.13

---

VST is committed to innovative solutions aimed at the offering the California Enhanced Vapor Recovery (EVR) market the best value options available.

The release of **Executive Order VR-203 and VR-204 – Revision O** announces the introduction of the VST Field Reattachable EVR Balance Safety Breakaway.

### Key Highlights:

- It is the **ONLY** EVR Balance Safety Breakaway that allows for in-line repair without removing it from the dispenser or hoses.<sup>1</sup> Saves time and money.

- It provides GDF owners the opportunity to choose the VST breakaway that best fits their needs:
  - ❖ VSTA-EVR-SBKA – Field Reattachable
  - ❖ VSTA-EVR-SBK – Single Use Non-Reattachable
- Attached you will find:
  - ❖ The VSTA-EVR-SBKA Installation Procedure per the applicable Executive Orders
  - ❖ The VSTA-EVR-SBKA and associated accessories List Price Schedule
- VST has implemented a **NEW** EVR Breakaway “Core” Program
  - ❖ All EVR Balance Breakaways are eligible for “Core” value towards the purchase of any VST EVR Balance Breakaway
  - ❖ Eligible EVR Balance Safety Breakaway Cores include:
    - ✓ VST (any style)
    - ✓ EMCO
    - ✓ OPW
  - ❖ Contact your VST Distributor of choice for details and availability.

<sup>1</sup> Read ALL CARB Executive Order Installation Instructions carefully, as other field-reattachable products require the breakaway halves be removed from the hoses prior to repair.
