VST EVR Balance Equipment Installations

VST EVR Balance Equipment has been installed at multiple locations in California with more scheduled throughout the rest of the year. In many, if not all installations, this equipment may be installed within 2 – 3 days without shutting down the site. This is a tremendous feature for these site operators!!

Below you will find some pictures:

- ECS installations – including all three mounting options: Roof, Canopy, and Ground.
- VST EVR Balance hanging hardware

Roof Mount – Goleta, CA

Canopy Mount – Upland, CA
