VST List Price Schedule – Effective Date July 14, 2008 (Additions and Corrections)

VST has identified a few additions and corrections relating to the List Price Schedule dated July 14, 2008.

A corrected List Price Schedule may be found on the VST website www.vsthose.com in the Literature Tab.

We apologize for any inconvenience that this may have created.

Page Number	Revision	Change				
Page 3	Correction	Thread style for VSTA-EVR and VDV-EVR Series should read: 1-7/8" - 12 UN Thread				
	Correction	Part Number for 12" VSTA-EVR hose should be VSTA-EVR-012				
	New Part Numbers	Part Number	Length	Hose Type	List Price	Suggested Retail
		VSTA-EVR-084	7.0 ft.	Non-Venturi	\$163.20	\$93.26
		VSTA-EVR-090	7.5 ft.	Non-Venturi	\$171.24	\$97.85
		VSTA-EVR-096	8.0 ft.	Non-Venturi	\$179.28	\$102.45
		VSTA-EVR-102	8.5 ft.	Non-Venturi	\$187.32	\$107.04
		VSTA-EVR-108	9.0 ft.	Non-Venturi	\$195.36	\$111.63
		VDV-EVR-054	4.5 ft.	Venturi	\$235.42	\$134.53
		VDV-EVR-060	5.0 ft.	Venturi	\$243.44	\$139.11
	VDV-EVR-066	5.5 ft.	Venturi	\$251.46	\$143.69	
Correction	EVR Balance Safety Breakaway part number should be VSTA-EVR-SBK					
Correction	EVR Balance Nozzle Core part number should be VST-VR-NBC					
Page 4	Correction	Hydrocarbon Sentry Interface Cable part number should be 5015-002				
Page 5	Correction	Thread style for VSTA-EVR and VDV-EVR Series should read: 1-7/8" - 12 UN Thread

Vapor Assist Products (ISP Series).....	6	Terms and Conditions	10

Vapor Systems Technologies, Inc.

began in 1989 with the vision of **One Company – One Integrated Solution.**

Today, that philosophy is still in place and getting stronger. Recognizing that a healthier environment is a need and not an option, VST has dedicated its undivided attention to the ever changing, stringent regulations that govern fugitive vapors at gasoline dispensing facilities (GDF). To this challenge, VST is committed to a continual R&D campaign of developing the most current, technologically advanced solutions to service not only the United States, but also the world.

VST specializes in the development, engineering, manufacturing and sale of products that are sold into the GDF segment of the petroleum industry. The VST focus provides our customers and users with exceptional products, services, and innovative solutions for improving the fueling station experience as well as the world's air quality.

VST's product offering includes; curb pump and vapor recovery hoses, safety breakaways, nozzles, and emission control system processors. The ENVIRO-LOC™ vapor recovery product offering represents the most innovative concept in the industry for trapping fugitive vapors from the front end (vehicle refueling) to the back end (vent stacks) of a GDF site.

Terms and Conditions

Pricing and Terms

Prices and terms are subject to change without notice. Acceptances of all orders are subject to final approval of VST. Contact VST for prices and availability of lengths not listed. No minimum quantity order required. Orders less than \$500.00 (net) are subject to a \$50.00 handling fee. Payment terms are NET 30 days upon approved credit.

Shipping

HANGING HARDWARE: FREE FREIGHT (F.O.B. destination) on all orders shipped to VST distribution within the continental U.S. VST selects the freight carrier. If the purchaser selects another carrier than approved by VST or requests expedited delivery, the purchaser is responsible for all freight expenses.

ECS MEMBRANE PROCESSORS: NO FREIGHT ALLOWED (F.O.B. shipping point) on all orders shipped to VST distribution within the continental U.S. ECS Processors will be shipped PRE-PAID & ADD or FREIGHT COLLECT.

Warranty

This limited warranty is given by Vapor Systems Technologies, Inc. (hereinafter VST) to the purchaser of systems or products manufactured by it. VST products are warranted to be free from defect in material and workmanship under normal use, service, proper installation, and maintenance practices per manufacturer specifications.

VST warrants the materials and workmanship to be free from defects in accordance with the following provisions:

This warranty will not apply to any products or systems that have: been subject to misuse, abuse, tampering, negligence, accident, or drive off; been misapplied, improperly installed, or not installed per VST's instructions or specifications; been modified, altered, rebuilt or repaired by unauthorized persons or outside the criteria of VST specifications; not been properly maintained in accordance with the system's or product's periodic maintenance schedule; or been subject to damage resulting from acts of God.

Use of VST products on non-UL systems or use that falls outside intended field of use voids any stated or implied warranty.

The warranty for the material and workmanship of the systems or products extends to the purchaser and the duration of this warranty is TWELVE (12) MONTHS from the time of installation up to a maximum of EIGHTEEN (18) MONTHS from date of shipment, provided the Product Warranty Card is returned to VST. If the Product Warranty Card is not returned to VST, the warranty period is TWELVE (12) MONTHS from the date of shipment.

VST warrants the material and workmanship of spare and/or replacements parts for NINETY (90) DAYS from the date of shipment.

In the event of a warranty claim, the purchaser/distributor must obtain a copy of a Return Goods Authorization (RGA) from VST prior to returning product so as to insure proper processing. All warranty claim returns must be shipped freight prepaid by the purchaser/distributor.

Warranty status will be determined upon inspection at VST's facility within THIRTY (30) DAYS of receipt of the warranted products. All returned merchandise deemed Not Under Warranty; will be held by VST for SEVEN (7) BUSINESS DAYS prior to disposal. Return of this product to the purchaser/distributor will require purchaser/distributor to issue a call tag within SEVEN (7) BUSINESS DAYS of notification.

Repair or replacement of the warranted product is the EXCLUSIVE REMEDY under the terms of this warranty.

This warranty does not cover any components exposed to contact with fuels containing greater than 5% methanol, 10% ethanol, or 15% MTBE by volume or any exposure to M85/E85 fuel.

This warranty does not cover and VST is not liable for, incidental, consequential and/or indirect damages or loss including, but not limited to, personal injury, death, property damage, environmental damage, cost of labor, clean-up, downtime, installation and removal, product damage, and loss of product, revenue or profits.

VST is not liable for any claims or lawsuits against the purchaser/distributor.

VST is not responsible for labor or materials necessary to disconnect or connect the warranted product for return to VST.

Use of non-VST replacement parts, the unauthorized addition of non-VST items to equipment, and the unauthorized alteration of equipment and/or systems voids this warranty.

VST, as to each defect, shall be relieved of all obligations and liabilities under this Limited Warranty if the vapor recovery system(s) or components have been operated with any accessory, equipment, or a part not specifically approved by VST, and not manufactured by VST to VST design and specification, or parts not specifically approved by CARB to be used with VST products.

THIS LIMITED WARRANTY IS EXCLUSIVE AND IS IN LIEU OF ALL OTHER WARRANTIES.

VST MAKES NO OTHER WARRANTIES (WHETHER WRITTEN OR ORAL), EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHERWISE, AND ANY OTHER SUCH WARRANTIES ARE HEREBY DISCLAIMED.

VST NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON OR ENTITY TO ASSUME FOR IT OR BIND IT TO ANY OTHER LIABILITY OR OBLIGATION RELATED TO OR IN CONNECTION WITH THIS LIMITED WARRANTY.

VST products should be used in compliance with applicable federal, state, and local laws and regulations.

VST reserves the right to make changes at any time to prices and designs, or make additions or improvements with respect to its products, without incurring any obligation to modify or install same on previously manufactured products.

Return Policy

VST stocking distributors are allowed one annual stock adjustment with an offsetting order of equal or greater value. A 20% re-stocking fee applies to returned product from an annual adjustment or incorrect ordering by the distributor.

The return policy is as follows:

1. Annual stock adjustments are allowed in June ONLY.
2. Product may not be over 12 months old.
3. Product must be in the original packaging, unopened, and in saleable condition. Product deemed non-saleable by VST will be returned to the distributor.
4. 20% restocking charge applies to the return.
5. All shipping charges are the responsibility of the distributor.
