**FOR IMMEDIATE RELEASE**

**VST ANNOUNCES NEW PRODUCTS FOR AUTO DIESEL REFUELING APPLICATIONS**

**Springboro, Ohio – USA** – February 13, 2015– Vapor Systems Technologies, Inc. (VST) is pleased to announce two new product introductions.

- The **ENVIRO-LOC™ ECO Diesel Nozzle** is the market's most unique, UL Listed auto diesel nozzle available today. This engineered solution incorporates VST's proven, patented dripless and interlock technology aimed at offering station owners the opportunity for a cleaner forecourt with fewer spills and a safer refueling experience for their customers.
- **VSTaflex™ Green Curb Hoses** are now available in both 3/4" and 1" ID hoses with either NPT Rigid or NPT Swivel couplings. The VST Lip Seal swivel couplings allow for ease of use with minimal swivel resistance. These UL Listed factory assemblies are designed for diesel, gasoline, or refined petroleum product dispensing applications.
