## *VST EVR Total Balance System*

### ***Permit Transfers***

In response to customer requests, we have researched the way to transfer your existing Phase II EVR permits from Healy (Franklin Fueling Systems) to VST. South Coast Air Quality Management has given us their procedure for transferring the existing permits; however, other districts have similar procedures.

Keep in mind, you can only transfer your Stage II EVR permit if you have not yet begun construction.

This is the procedure given us by SCAQMD:

1. Use form 400-A (Administrative Change to Application) to let SCAQMD know that you want to transfer your permit.
2. Provide a complete copy of your existing permit (with form 400-A) and cross out the competitor name and replace with VST and the appropriate Executive Order. Use VR-203 if you are PMC, and use VR-204 if you are ISD.
3. The fee for transferring your existing permit is \$446.32. Contact Randy Matsuyama at [rmatsuyama@AQMD.gov](mailto:rmatsuyama@AQMD.gov). (909) 396-2551.

We have contacted both San Diego and Sacramento who have similar programs.

San Diego  
Mohianny Ponte  
(858) 586-2725  
[mohianny.ponte@sdcounty.ca.gov](mailto:mohianny.ponte@sdcounty.ca.gov)  
Fee: \$600.00

Sacramento  
Isam Boulad  
(916) 874-4859
