UPDATE:

1" VSTaflex™ Conventional Curb Pump Hoses

01.18.19

VST's 1" ID VSTaflex™ Conventional Curb Pump Hoses will have a new appearance moving forward. The quality, performance, construction, part number, fit and function all remain the same. The only change is that these hoses will now have a smooth cover appearance as opposed to the previous "wrapped" cover appearance.

Once inventory of the old-style "wrapped cure" hose is depleted, VST will begin shipping the smooth cover 1" ID VSTaflex™ Conventional Curb Pump Hose. This will be a rolling transition that will occur soon.

Contact VST or your VST Distributor of choice for details and availability of these products.
