Create Login Credentials

Fill in the screens: **Be sure to write down your Login and Password** because you'll need them to login in just a few more screens.

- a) You will be sent a confirmation email that you are required to open to validate your mail address before you can take the training.
- b) In that confirmation email will be a link to the training.

A screenshot of a web-based signup form for Vapor Systems Technologies, Inc. The form is titled "Vapor Systems Technologies, Inc. Signup" in blue text. It contains several input fields with orange labels: "First Name:" and "Last Name:" (with a "Required" note below the first name field), "Login:" (with a note "Login name must be 5 or more characters long" below it), "Email:" (with a note "E-mail address must be confirmed" below it), "Password:" (with a note "Secret password (5 or more characters)" below it), and "Confirm Password:". At the bottom, there is a "Sign Up" button and a "(Cancel)" link.
