

The ! Voice

VST Mission

To design and manufacture innovative products for retail refueling systems that are specifically engineered to protect the environment and consumers with safety and reliability.

VST: The Company

Gonzalo Perez, Application Engineer { perez@vsthose.com }

Employee Spotlight

Who Builds the VST GREEN MACHINE™?

Josh has worked for VST for over 14 years. He is one of our principal GREEN MACHINE™ vapor processor builders. Additionally, his experience at VST crosses over multiple product production areas and contributes wherever he is needed.

He offers a strong background in mechanical and technical ability. When he is given a specific task or goal, Josh will go out of his way to ensure it is completed correctly and on time. He brings a strong work ethic to VST and holds others accountable who work with him.

His favorite part about VST is the people. He specifically enjoys the camaraderie he has with his co-workers.

Josh, we are very thankful to have you as a member of the VST family!

Keep up the great work!
